

## Sensory Play Worker Role Description

Play worker volunteers support our interactive multi-sensory facility. Volunteers work with babies, children, young people and adults with disabilities to engage in sensory activities.

You'll support individuals to follow their own ideas and interests for therapeutic sensory play. You'll make sure there are safe, interesting and fun play opportunities to meet individual and group needs.

You'll also follow health and safety procedures and help individuals to be aware of their own safety and that of others.

Volunteers take up regular sessions or join a bank of volunteers that volunteer at a variety of sessions to suit their availability.
